REGISTRAR'S OFFICE

MEMORANDUM FOR _____ 241

_____ 19

Teachers'

There will be a class of more than twelve who would like to start the Mineralogy & Geology at once.

The other sciences have taken the Saturday mornings 9 – 10 for work similar to this

DEPARTMENT OF MINERALOGY,
UNIVERSITY OF TORONTO.

253

Sept 30th 1918

Dear Dr Falconer:-

I have engaged Henry George to act as attendant in the Department of Mineralogy for the session at $50.00 per month beginning October first. If you approve the temporary appointment in place of William Allingham now on active service I beg to suggest that $10.00 per month be paid to Wm Allingham's mother during the seven months of the session. What I propose is in every detail a repetition of the arrangement for last session

Yours Sincerely
T. L. Walker

October 31st, 1918

Professor T. L. Walker,

University of Toronto.

Dear Professor Walker:

We have had an interview with Dr. Seath, and as a result Professor De Lury informs me that now there is no obstacle in the way of your making arrangements for a first class for one year in Geology and Mineralogy for the Teachers' Classes during this regular session. It is understood that this is to replace the prescription on page 209 for the 1917 - 18 Calendar. Particulars as to time can be arranged by calling up the Extension Office.

Yours sincerely,

President.

November 12th, 1918

Professor T. L. Walker,

University of Toronto.

Dear Professor Walker:

There are more than twelve applications from teachers who would like to join a class of Mineralogy and Geology, and would you be kind enough to have a class started at once. The other sciences have taken Saturday morning from nine to ten for work similar to this. Perhaps this same hour would suit you.

Yours sincerely,

President.

ROYAL ONTARIO MUSEUM OF MINERALOGY,

S.W. CORNER OF BLOOR AND AVENUE ROAD,

TORONTO, CANADA,

January 22nd 1919

Dear Miss Patterson:

The letter the President was to write to Madame Ledoux was to be about as follows:-

" The committee of the colleagues of the late Professor Ledoux havepaid all expenses connected with his funeral and have on hand an amount sufficient to place a small monument on his grave as soon as the weather becomes warm enough to permit the building of the necessary concrete foundations. They also have on hand a sum sufficient to defray the expenses of your return journey to Belgium whenever you wish to return to your home.

I trust that the cheques from the Bursar of the University reach you regularly. They will continue till you have received the whole of the amount which we had provided for the salary of your husband. This amount -$900- is being paid you in eight equal cheques of $112.50 each and after the the last of these payments in May there will be no further payments from the University."

Of course you will be able to convey this information in better form than this but none of the facts here stated should be omitted.

Yours sincerely,

T. L. Walker
